

WESTERN STAR TRUCKS®

## BRINGING CHOICE TO THE RIGID MARKET

---

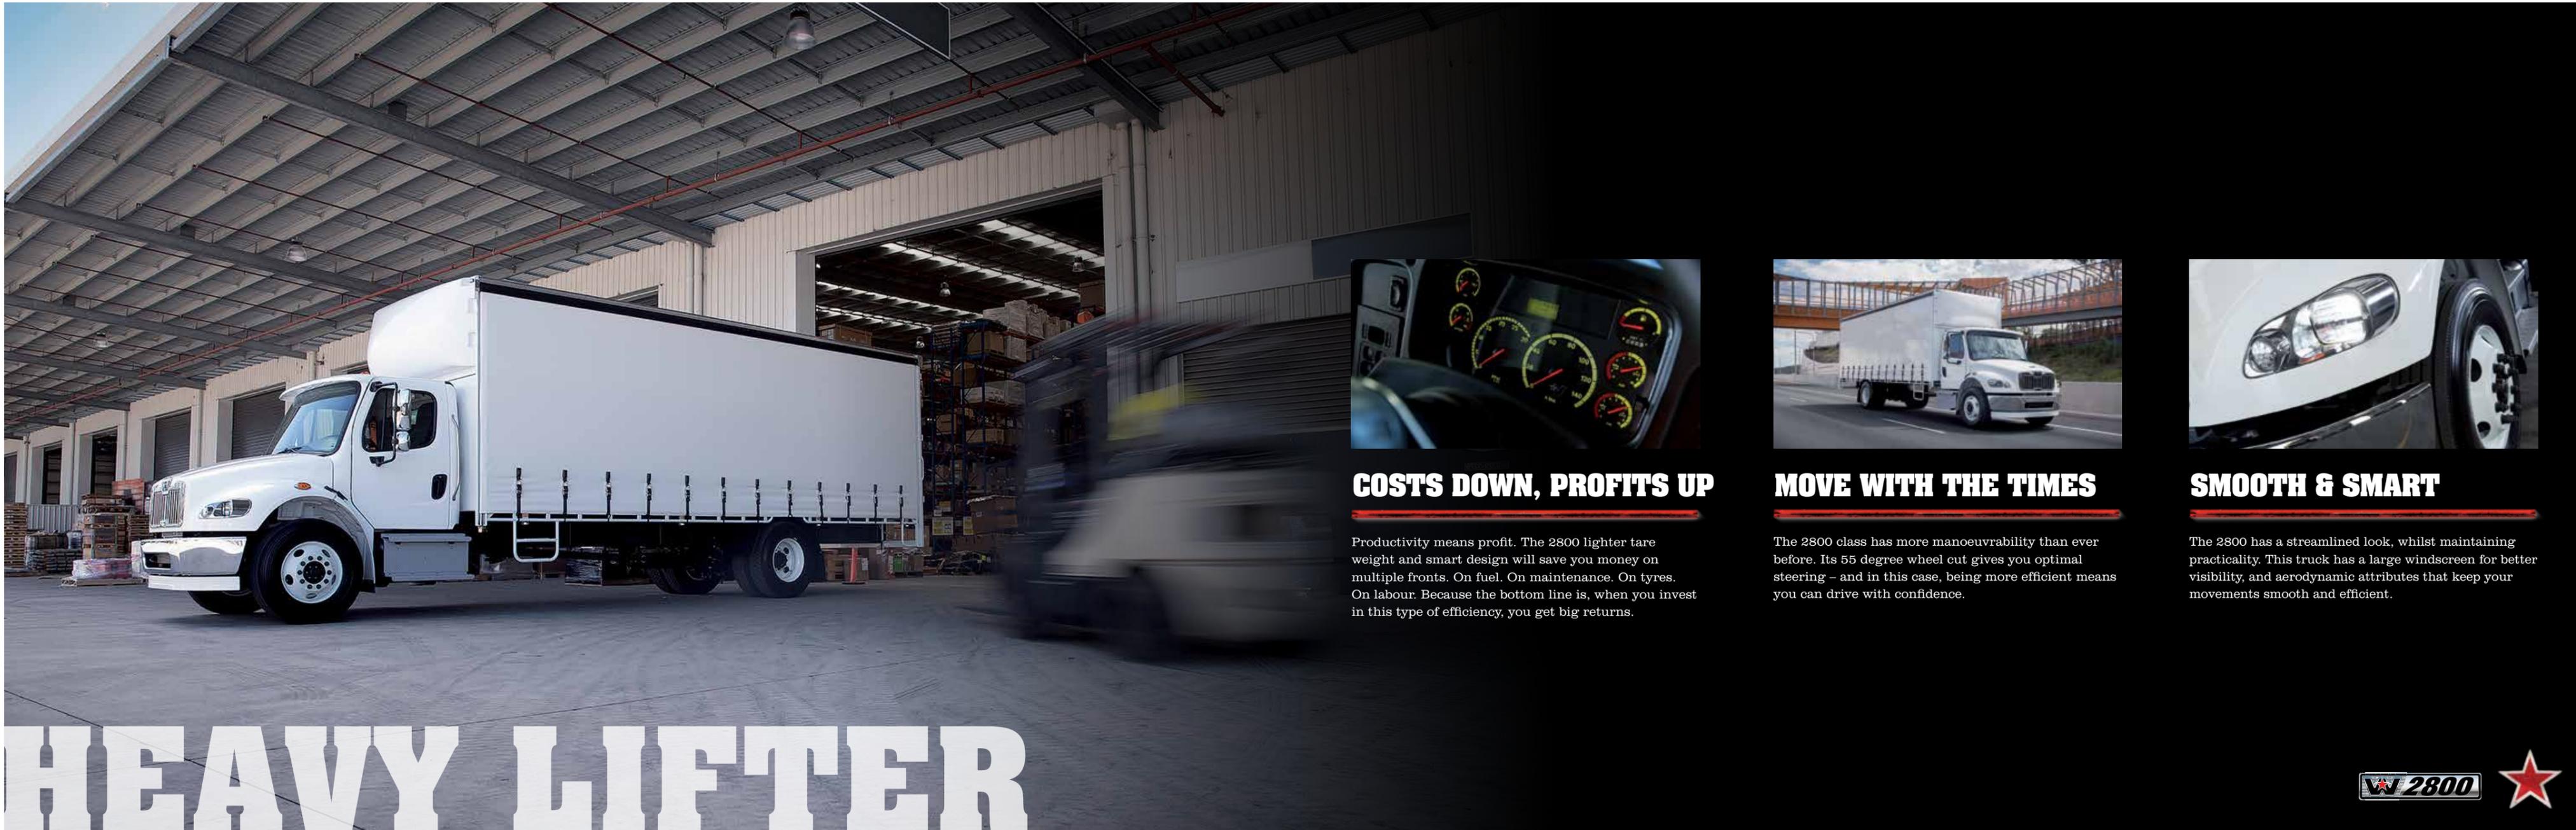

Western Star has introduced choice into the 15-22.5 tonne rigid truck market, bringing a bonneted option to drivers. With a set-back front axle, great visibility, and superior manoeuvrability, you can get in and go! And with easy access and a comfortable cabin, you'll enjoy the ride. Delivering low whole-of-life costs, the 2800 is a great long term investment. The 2800 means business. Tough but not rough.

# LET'S GET SERIOUS

W 2800

# HEAVY LIFTER

## **COSTS DOWN, PROFITS UP**

Productivity means profit. The 2800 lighter tare weight and smart design will save you money on multiple fronts. On fuel. On maintenance. On tyres. On labour. Because the bottom line is, when you invest in this type of efficiency, you get big returns.

## **MOVE WITH THE TIMES**

The 2800 class has more manoeuvrability than ever before. Its 55 degree wheel cut gives you optimal steering - and in this case, being more efficient means you can drive with confidence.

## **SMOOTH & SMART**

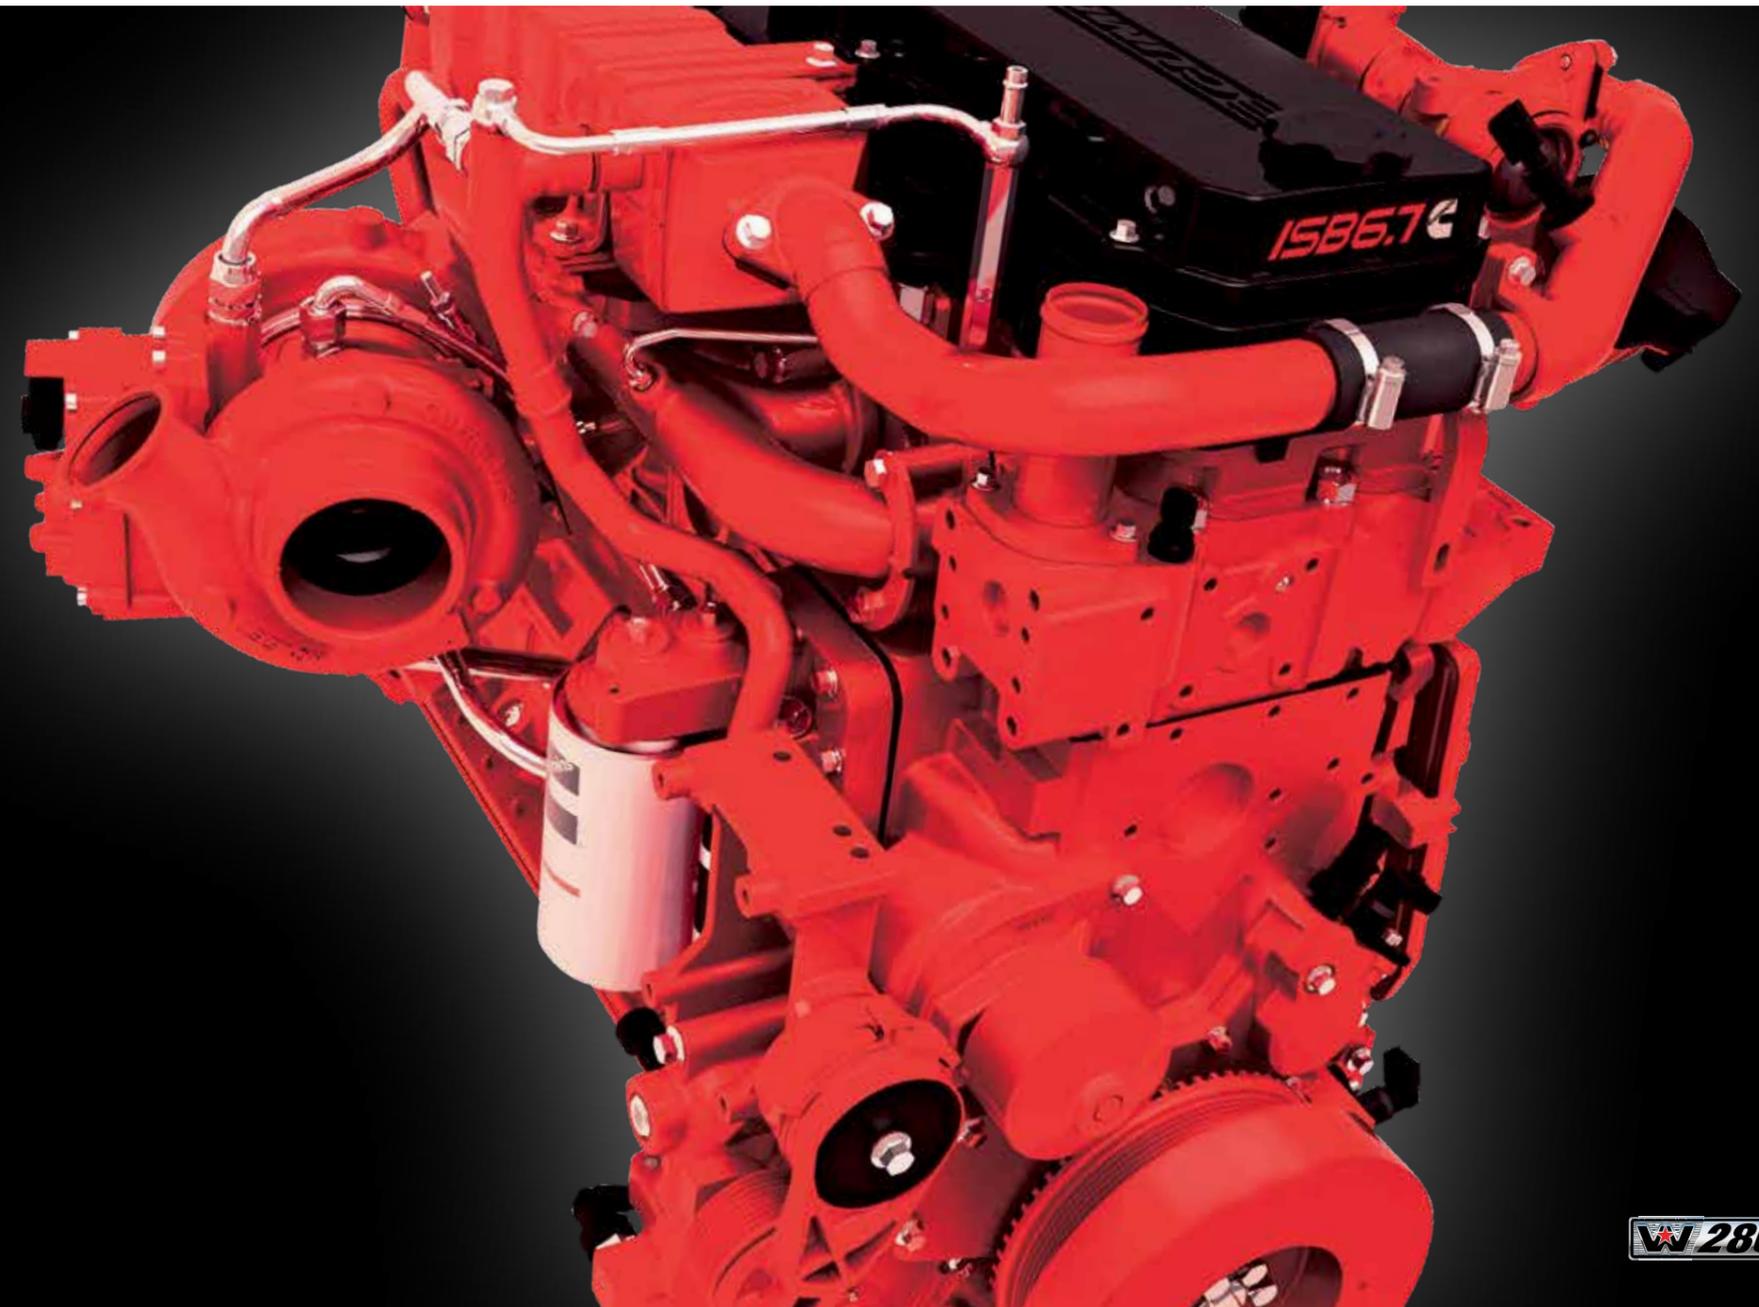

The 2800 has a streamlined look, whilst maintaining practicality. This truck has a large windscreen for better visibility, and aerodynamic attributes that keep your movements smooth and efficient.

## WITH GREAT POWER, COMES GREEN RESPONSIBILITY

From fuel efficiency to reliability and durability, the Cummins ISB6.7 delivers. Delivering 325hp and up to 750 lb-ft of torque, it's up for the challenge. Meeting Euro 5 and ADR80/03 emissions regulations, you can rest assured that you're playing your part for the environment.

**W 2800**

## YOUR CABIN, YOUR SAFE HAVEN

---

With the only bonneted rigid truck on the market, the 2800 delivers unprecedented cabin space, wide door openings and walk-through access. The aerodynamic design offers superior visibility ensuring a safe environment for occupants and fellow road users. Having met every stringent crash test we've put it through, you can relax with the knowledge that the 2800 delivers on all fronts.
